PART V: REVIEW OF SUMMARY, METHODOLOGY AND EXPLANATION

Texas Labor Code §413.011(a-d), titled *Reimbursement Policies and Guidelines*, and Division rule at 28 Texas Administrative Code §134.1, titled *Use of the Fee Guidelines*, effective May 16, 2002 set out the reimbursement guidelines.

This request for medical fee dispute resolution was received by the Division on December 20, 2004. Pursuant to Division rule at 28 TAC §133.307(g)(3), effective January 1, 2003, 27 TexReg 12282, applicable to disputes filed on or after January 1, 2003, the Division notified the requestor on December 23, 2004 to send additional documentation relevant to the fee dispute as set forth in the rule.

- For the services involved in this dispute, the respondent reduced or denied payment with reason codes:
 - M-Reduced to fair and reasonable.
 - M-Services billed for radiology, laboratory and/or pathology by a hospital should normally be billed at the technical component rate.
 - M-In Texas, outpatient services are to be paid as fair and reasonable.
- Division rule at 28 TAC §134.401(a)(4), effective August 1, 1997, 22 TexReg 6264, states "Ambulatory/outpatient surgical care is not covered by this guideline and shall be reimbursed at a fair and reasonable rate until the issuance of a fee guideline addressing these specific types of reimbursements."
- This dispute relates to outpatient surgical services provided in a hospital setting with reimbursement subject to the provisions of Division rule at 28 TAC §134.1, effective May 16, 2002, 27 TexReg 4047, which requires that "Reimbursement for services not identified in an established fee guideline shall be reimbursed at fair and reasonable rates as described in the Texas Workers' Compensation Act, §413.011 until such period that specific fee guidelines are established by the commission."

4. Texas Labor Code §413.011(d) requires that fee guidelines must be fair and reasonable and designed to ensure the quality of medical care and to achieve effective medical cost control. The guidelines may not provide for payment of a fee in excess of the fee charged for similar treatment of an injured individual of an equivalent standard of living and paid by that individual or by someone acting on that individual's behalf. It further requires that the Division consider the increased security of payment afforded by the Act in establishing the fee guidelines.
5. Division rule at 28 TAC §133.307(e)(2)(B), effective January 1, 2003, 27 TexReg 12282, applicable to disputes filed on or after January 1, 2003, requires that the request shall include "a copy of each explanation of benefits (EOB)... relevant to the fee dispute or, if no EOB was received, convincing evidence of carrier receipt of the provider request for an EOB." Review of the documentation submitted by the requestor finds that the request does not include any reconsideration EOBs for the disputed services. Neither has the requestor submitted convincing evidence of carrier receipt of the provider request for an EOB. The Division concludes that the requestor has not met the requirements of Division rule at 28 TAC §133.307(e)(2)(B).
6. Division rule at 28 TAC §133.307(g)(3)(A), effective January 1, 2003, 27 TexReg 12282, applicable to disputes filed on or after January 1, 2003, requires the requestor to send additional documentation relevant to the fee dispute including "documentation of the request for and response to reconsideration (when a provider is requesting dispute resolution on a carrier reduction or denial of a medical bill) or, if the carrier failed to respond to the request for reconsideration, convincing evidence of the carrier's receipt of that request." Review of the submitted evidence finds that the requestor has not provided documentation of the insurance carrier's response to the request for reconsideration or convincing evidence of the carrier's receipt of that request. The Division concludes that the requestor has not met the requirements of Division rule at 28 TAC §133.307(g)(3)(A).
7. Division rule at 28 TAC §133.307(g)(3)(B), effective January 1, 2003, 27 TexReg 12282, applicable to disputes filed on or after January 1, 2003, requires the requestor to send additional documentation relevant to the fee dispute including "a copy of any pertinent medical records." Review of the documentation submitted by the requestor finds that the requestor has not provided medical records to support the services in dispute. The Division concludes that the requestor has not met the requirements of Division rule at 28 TAC §133.307(g)(3)(B).
8. Division rule at 28 TAC §133.307(g)(3)(C)(iii), effective January 1, 2003, 27 TexReg 12282, applicable to disputes filed on or after January 1, 2003, requires the requestor to send additional documentation relevant to the fee dispute including a statement of the disputed issue(s) that shall include "how the Texas Labor Code and commission [now the Division] rules, and fee guidelines, impact the disputed fee issues." Review of the submitted documentation finds that the requestor did not state how the Texas Labor Code and Division rules impact the disputed fee issues. The Division concludes that the requestor has not met the requirements of Division rule at 28 TAC §133.307(g)(3)(C)(iii).
9. Division rule at 28 TAC §133.307(g)(3)(C)(iv), effective January 1, 2003, 27 TexReg 12282, applicable to disputes filed on or after January 1, 2003, requires the requestor to send additional documentation relevant to the fee dispute including a statement of the disputed issue(s) that shall include "how the submitted documentation supports the requestor position for each disputed fee issue." Review of the submitted documentation finds that the requestor did not state how the submitted documentation supports the requestor's position for each disputed fee issue. The Division concludes that the requestor has not met the requirements of Division rule at 28 TAC §133.307(g)(3)(C)(iv).
10. Division rule at 28 TAC §133.307(g)(3)(D), effective January 1, 2003, 27 TexReg 12282, applicable to disputes filed on or after January 1, 2003, requires the requestor to provide "documentation that discusses, demonstrates, and justifies that the payment amount being sought is a fair and reasonable rate of reimbursement." Review of the submitted documentation finds that:
 - The requestor's rationale for increased reimbursement from the *Table of Disputed Services* states that "The following claim is a trauma claim. Insurance company paid a trauma as a one day per diem rate. The claim was 5066.95 we do not feel that 1118.00 is a fair reimbursement rate."
 - The requestor has not articulated a methodology under which fair and reasonable reimbursement should be calculated.
 - The requestor does not discuss or explain how additional payment of \$5,066.95 would result in a fair and reasonable reimbursement.
 - The requestor did not submit documentation to support that the payment amount being sought is a fair and reasonable rate of reimbursement.
 - The requestor does not discuss or explain how payment of the requested amount would ensure the quality of medical care, achieve effective medical cost control, provide for payment that is not in excess of a fee charged for similar treatment of an injured individual of an equivalent standard of living, consider the increased security of payment, or otherwise satisfy the requirements of Texas Labor Code §413.011(d) or Division rule at 28 TAC §134.1.

The request for additional reimbursement is not supported. Thorough review of the documentation submitted by the requestor finds that the requestor has not demonstrated or justified that payment of the amount sought would be a fair

and reasonable rate of reimbursement for the services in dispute. Additional payment cannot be recommended.

11. The Division would like to emphasize that individual medical fee dispute outcomes rely upon the evidence presented by the requestor and respondent during dispute resolution, and the thorough review and consideration of that evidence. After thorough review and consideration of all the evidence presented by the parties to this dispute, it is determined that the submitted documentation does not support the reimbursement amount sought by the requestor. The Division concludes that this dispute was not filed in the form and manner prescribed under Division rules at 28 Texas Administrative Code §133.307(e)(2)(B), §133.307(g)(3)(A), §133.307(g)(3)(B), §133.307(g)(3)(C), and §133.307(g)(3)(D). The Division further concludes that the requestor failed to support its position that additional reimbursement is due. As a result, the amount ordered is \$0.00.
